BURGUNDY | PINOT NOIR 勃艮第紅

Discover the allure of Burgundy, a globally acclaimed and prestigious wine region that, despite its small size - just 3% of France's vines - holds immense distinction. Imagine a region where the size and production are nearly 5 times smaller than Bordeaux, with Pinot Noir only dominating 1/3 of the vineyards, each contributes the exclusivity of its wines and viticultural landscapes. Viticulture in Burgundy is typically associated to the work of medieval monks who developed and mastered the art of growing by delineating the soils (formed in the Jurassic era, once covered by a lagoon), the lateral valleys, the combes, the climates and so on. The most experienced Burgundy enthusiasts claim to be able to detect subtle differences between wines from plots just metres away from one another.

HENSCHKE 翰斯科家族神恩山和寶石山

Henschke's Hill of Grace and its younger sibling - Mount Edelstone, home to Australia's most respected and expensive single vineyard wines, are regarded as the hallowed grounds of the Australian wine industry. The oldest block is known as 'The Godfathers', whose vines date from the 1860s and are among the oldest in the winemaking world. These wines are the history of the settlement of South Australia - a story of wine, of culture, of the region and of people.
